Eastern Afromontane Conservation Network- Monthly Bulletins

As part of the integrated training programme for CEPF grantees, TBA created the Eastern Afro-montane Conservation Network (EACN), which now has 100 members, as a forum to enhance networking among the conservation managers.

Through the EACN, CEPF grantees share experiences and lessons learned from across the hot - spot. As part of the integrated programme, the TBA coordinates and circulates monthly bulletins sharing conservation news and information from members, tools relevant for individual and organizational capacity building, and funding opportunities.
